Tiffany

Welcome to our latest Tiffany lighting catalogue. Each and every piece within the collection showcases the distinctive Tiffany mosaic style in a stunning array of differently coloured intricate stained glass designs. All are beautifully soldered together using a traditional copper foiling technique to complete the trademark Tiffany look and finish.

The designs are deeply inspired by the sleek elegance of Art Deco and decorativeness of Art Nouveau. We hope you enjoy selecting from this stunning range.

*Only time-rich
craftsmanship
can create such beauty*

Each shade starts out as an artist's drawing giving life to stunning designs capturing the spirit of authentic Tiffany lighting

Glass is chosen for each design and carefully cut by hand by skillful artisans

Each piece is ground to remove sharp edges and copper foil is wrapped around each edge

The selected pieces are placed onto a mould and soldered together like a beautiful intricate 3D creation
Once all the glass is in place, the shade is soldered again on the outside to add strength and create an attractive finish
The shade is then washed and dipped in a chemical bath to patinate the bright solder to a distinctive antique finish

The complete lighting solution

Interiors 1900 designers take great care with the colours used in the 'Tiffany Collections'. The limitations of the printing process may mean a slight variation in colour. Every reasonable care has been taken to ensure that the reproductions are accurate. Descriptions in the catalogue are approximate only. Due to the nature of the product and its manufacture, there may be variations in materials, colour, size and finish.

We always seek to improve our product and reserve the right to make changes at any time without notice. This catalogue supersedes all previous issues.
